PRESIDENT'S REPORT: *Kris Francis*

Every year it seems like a shorter hop from Halloween to New Years! We're carving pumpkins one week, then the next thing we realize its January and time for our Annual Installation & Awards Banquet. I keep promising myself that this year I'll stay on top of the avalanche of year-end details – and maybe you can help me with that.

I'd like to encourage our members to renew their membership for 2027 in November. Get it crossed off your to-do list as well as help our treasurer, John Weisenseel, by not dragging it into January. You can bring your $30.00 dues (cash or check) to the November or December meetings or mail them to the club's PO Box (P.O. Box 19805, San Diego, CA 92159.) There is a membership Renewal form attached to this newsletter. If you don't have any changes from the prior year, just sign your name and check the "No Changes" box. Membership renewals must be received no later than January 15th to be included in the 2027 Membership Roster.

Next on the list is to make your reservation for the 2027 Installation and Awards Banquet to be held on January 16th at the Alpine Club. Rochelle Svelling and her team have a wonderful event planned with the theme "Walk Like an Egyptian". The cost is $32.00 per person this year, only a slight increase from the past several years. You will find a flyer with all of the details on Page 3 of this newsletter. You can pay for your Banquet reservation starting at the November meeting, with a payment deadline of January 2nd. If you prefer, you can write one combined check for your 2027 membership renewal and the 2027 Banquet.

So, wow! Just like that you've whittled 2 items off your year-end to-do list, and saved me many follow up phone calls and letters.

Thank you for help, and now: **Enjoy the Holidays**!

Kris

November's here, and the Model A herd is headin' down the trail for another month of good times.

Our October Tour: The Mission San Diego de Alcalá – Oct 3rd: In spite of the forecast of up to 100° this tour was still well attended by an enthusiastic 5 Model A's, 4 Modern's, and 15 Participants. Half of us drove in nice and easy from the Target store in El Cajon, the other half met at the Mission. Our tour was guided by mild mannered Manuel who gave us insight into the life in-and-around the 1850's, the history of the mission and it's restoration over the years. We brought lunches from home and finished the tour in the cool of the fully shaded front porch of the Mission. Thanks to Jenn Baehr for the refrigerated home-made cupcakes. Quite refreshing on a hot October day! **Club members receiving mileage for this event are**: Joel & Tina Baumbaugh, Dave & Kris Francis, Cliff Hughes, Ross N & Susan R, and last but certainly not least, Ed Poffenberger. **Club members receiving participation points are**: Mike & Jenn Baehr, Ron Niemeyer, Ben & Nina Taravella, Paul & Patti Winchester.

ARIES MUFFLERS

It's November, time to Vote and eat a Turkey.

I hate those loud cars driving down the street late at night, I guess I am getting old as I was one of them when I was in my twenties. I loved my dual exhaust with glass pack cherry bombs on my 1969 390 ford, it made quite a racket. But I have given up those wild days and now I want quiet. A good exhaust system with a good muffler on your Model A will keep you quiet. I installed the Aries station wagon extension on my Tudor to keep the fumes out of the car, it also keeps the noise out too.

Below is a video about Aries Mufflers. Copy and paste into you tube to view.

Earning $7 a Day, How did the Ford Workers Spend their Money?

The United States Bureau of Labor Statistics did a study to determine exactly what the average Ford worker did with his $7 a day wage. One hundred typical families were studied. The following excerpt from the August 2, 1930 "Literary Digest" is courtesy of www.ahooga.com.

"The expenditures for clothing are illuminating, and it may surprise readers to learn that husbands spent more for this item than did their wives, the expenditures being $63.59 and 59.21 respectively, with $87.87 going for children's clothing.

For an idea of how husband and wife dress, we borrow from the report: "On an average the husband appears to buy a felt hat once in about every two years, a wool suite every two and one-half years, an overcoat every seven years, and a sweater or 'lumber jack' every three years. "Five shirts, two ties, two cotton union suits, fourteen pairs of cot ton socks and one pair of silk or rayon socks, one pair of garters, two pairs of shoes, two pairs of leather work gloves and nine pairs of cotton work gloves were purchased by each husband on the average during the year.

"The men's felt hats cost on an average $3.68 each, the caps $1.41; the wool suits $27.43; overcoats, $23.75; cotton shirts $1.14; cotton union suits, $1.34; cotton socks, 24 cents and silk or rayon socks 54 cents a pair. High shoes aver aged $4.23 and low shoes aver aged $4.56 a pair; leather work gloves 39 cents, and cotton 21 cents.

"The value of clothing for the 100 wives, $59.21 per year, absorbed 3.4 percent of all expenditures. For the wives 44 per cent of their clothing expenditures was for outer garments, 26 percent for footwear, 15 percent for under wear and 6 per cent for head gear. From the standpoint of replacement of the principal articles of clothing, the wife purchased, on an average, a wool coat every two and on-half years, three hats every two years, a pair of cotton gloves every two years, and a corset and brassiere every two years. "During the year she purchased two dresses, four pairs of cotton stockings, four pairs of silk or rayon stockings, two pairs of shoes, three house dress, two petticoats or slips, two pairs of bloomers, a nightgown, and a pair of house slippers.

"The wife's wool coat averaged in cost #25.09, the hat $2.55, cotton gloves 89 cents, corset $2.63, and brassiere 53 cents. The cotton dress had an average cost of $1.74, and the silk or rayon dress $7.51, the cotton stockings 35 cents, and the silk or rayon stockings $1.00 a pair. The shoes averaged $4.27 for the low and $5.25 for the high shoes, the house dress $1.04, the cot ton petticoats or slips 76 cents, and the silk or rayon petticoats or slips $1.31. The cotton bloomers averaged 57 cents.

An average factory worker at Ford Motor Company in 1930 typically earned about $5 to $7 a day, which amounted to roughly $1,300 to $1,500 for the year.

Advertising the Model A Ford

From the book, Advertising the Model A Ford, we snipped the artwork and information from the advertisement titled "Storefront Turkey".

"*Two fur-clad women, having parked their new Ford Town Sedan at the door, shop in the downtown gift shop. It's almost Thanksgiving, as evidenced by the turkey in the store's window display..*"

This ad ran in 5 publications in November 1929.
