

The Friends of Steve McQueen car show is held annually in Chino Hills, CA on the campus of the Boys Republic, a school for troubled youngsters of high school age with other campuses throughout the Los Angeles area. All proceeds go to the Boys Republic to support their programs. The Pomona Valley Model A Ford Club has been a sponsoring club for many years. On display are: antique, classic and muscle cars and trucks along with 'Hit and Miss engines', antique tractors and vintage trailers and campers. Over 600 entrants. We even have a special designated area on the field marked with flags stating 'Ford Model A' and homemade trophies are handed out, made by the boys in their shop classes. Join us if you can.

Registration and info can be found on their website: <https://stevemcqueencarshow.com/show-registration/>
